We all know a New Year *generally* brings with it new resolutions, so if you're fishing for a bit of a sea-change, our Gourmet Fisherman's Basket is sure to hit the spot.

This month, we bring you a fresh twist on an old favourite as our Bistro Cooks reel in the flavours of:

- Two battered king prawns
- Two battered scallops
- Three tempura calamari rings
- Two tempura whiting fillets
- One battered NZ Cod fillet
- Half grilled lobster
- Chef's salad
- Sauces and lemon

There may be plenty of swimmers in the sea, but trust us when we say, our Gourmet Fisherman's Basket will have you hooked.

Congratulations on 45 Years

OMER RESKOV

If you've visited the Club within the last 45 years, chances are you've encountered Omer. A unique and friendly character, Omer has dedicated almost half a century to lighting up the Gaming Room Bar, bringing smiles and beverages to patrons.

As Omer celebrates his 45 years of employment, we took some time to take a look at his journey.

What was your role when you first started at the Club 45 years ago?

When I first entered the Club I started as a kitchen hand. I then went on to work as a cook and server for The Bistro, then eventually moved to my current role as a bartender in the Gaming Room.

How have you seen the Club change over this time?

Everything has changed! The Club has grown so much since I first started, from staff to outlets, community groups to members, everything has increased in numbers. It was a very small Club all those years ago and it has been great to watch it develop.

What is one of your favourite memories since you started working at Dee Why RSL?

I have had so many great experiences while working here it is hard to boil it down to just one. It is always nice to reflect on all of the relationships I have built over the years working here, and I have really enjoyed getting to know all of the customers.

You have a lot of experience behind the bar; what's your go-to beer?

That's a tough one! I can't go past a good Victoria Bitter.

On the weekends, where would we find you?

I work most weekends but if I did have the day off you would find me at Warriewood Beach, watching the sunrise and having a morning coffee.

You've been a dedicated team member for 45 years now! What has made you stay at Dee Why RSL for all these years?

As mentioned before, I have loved building relationships with people at the Club. The staff, customers, and company culture of Dee Why RSL has made the years go by so quickly!

What excites you most about the future of Dee Why RSL?

All aspects of the redevelopment are exciting. I can't wait for the Club to become an even bigger part of the community and for more people to visit us.

If you could describe yourself in three words, what would they be?

Funny, energetic and most importantly, happy!

What would you say to anyone thinking about applying for a position at Dee Why RSL.

Do it! It's a great Club with great staff culture.

What's something we don't know about you.

A lot of people don't know that I love to garden. Until recently I was a part-time gardener for 23 years.

What does the future for Omer look like?

Spending quality time with family and friends. I would love to go on a holiday somewhere, maybe even visit Thailand!

Congratulations on 45 years of service Omer!

GRIDIRON A GROWING SPORT ON THE NORTHERN BEACHES

GRIDIRON POPULARITY GROWS WITH LOCALS

In line with the growth in popularity of the American football code of gridiron in Australia, the Northern Sydney Gridiron Club is making its mark on the Northern Beaches. Dee Why RSL has been a proud supporter since 2016, funding more than \$15,000 in support over this time.

The name 'gridiron' actually originates from the sport's playing field, which is marked by a series of parallel lines along the width of the field in a pattern resembling a cooking gridiron.

The Northern Sydney Gridiron Club was established six years ago and has since grown exponentially, with teams competing in the three divisions of men's, women's and colts (16-19). The 2018 season saw the Club rise to all new heights, as all three teams made it to the preliminary finals with the women's team making it to the State Finals (Opal Bowl).

The home ground is at Forestville Park which is shared with the local rugby league club. The Club competes in the Gridiron NSW competition and is the only gridiron

club on the north side of Sydney. "We also have our own juniors program for ages 8 to 15 where they compete over the summer break" said Blake Jones, Northern Sydney Gridiron President.

"Because we have quite a few players who also play more traditional sports like rugby and soccer; it's great to be able to have a contact sport to play in the offseason. We have seen kids come from all over Sydney to get their first experience of American football. With the help of our sponsors, we hope to continue to grow the game of gridiron on the Northern Beaches. Juniors started training in November, and seniors, women's, and Colts start in June.

The three main pieces of equipment players need are a helmet, shoulder pads, and football boots, in addition to a mouthguard. In terms of rule differences, in gridiron you normally play offence or defence (unlike some of our other traditional sports), and usually one specific position on the field e.g. quarterback, receiver or line-backer. When the subject of why we wear the armour and helmets comes up – most of us have played rugby too, and the hits are just as physical!"

The biggest sporting day on the U.S. calendar, the Super Bowl, will be shown on the big screen live in Match Bar on Monday, 3 February from 10.00am.

"We look forward to the annual Super Bowl event in Match Bar. We'll all be there. It's a great chance to have a chat with some of our players about the sport and rules."
